

SUPPLY CHAIN ANALYST

Location: Johannesburg, South Africa (with periodic travel into Africa and the Middle East)

DGC Workforce Solutions is recruiting three qualified Chartered Accountants as Supply Chain Analysts for our client based in JHB. This is an exciting opportunity to work in a dynamic, progressive, and global environment, supporting large-scale operations across Africa and the Middle East.

KEY RESPONSIBILITIES

COMMERCIAL & FINANCIAL ANALYSIS

- Develop and manage contract budgets for procurement and supply chain operations.
- Monitor expenditure against signed contracts, analyze variances, and recommend cost optimizations.
- Conduct cost-benefit analysis of procurement, logistics, and warehousing activities.
- Identify and recommend improvements to reduce operational costs while ensuring efficiency.

PROCUREMENT & VENDOR MANAGEMENT

- Support implementation and management of contractor management standards.
- Evaluate tenders and supplier core competencies in collaboration with procurement teams.
- Support pricing model structuring and negotiation of cost-effective agreements.
- Ensure contracts are current, valid, and implemented in collaboration with stakeholders.

RISK MANAGEMENT & COMPLIANCE

- Support contractor onboarding, verification, and compliance to local content regulations.
- Maintain contract repositories and ensure audit findings and actions are closed out.

PERFORMANCE MONITORING & REPORTING

- Monitor and report on key supply chain performance indicators.
- Maintain price benchmarking databases and inventory trend analysis.
- Identify opportunities to reduce lead times, inventory, and total costs.
- Prepare and present reports weekly, monthly, and annually.
